150-Hour Acupuncture Certification Program for 2009 - 2010

AcuPractice™ Seminars' 150-Hour Acupuncture Certificate and Fellowship Program is a ten-weekend medical acupuncture seminar series designed specifically for Chiropractors, Nurses, Physical Therapists and Medical Doctors.

Our comprehensive program gives you a solid foundation in clinical theories and techniques for treating musculoskeletal disorders, and metabolic disorders ranging from digestive to women's health. This program has been carefully sequenced, making it equally suitable for doctors with or without previous acupuncture training. Each weekend builds on the previous one and the program culminates with the use of Chinese Herbal medicine for internal disorders, and advanced acupuncture techniques for treating painful conditions.

Doctors of chiropractic will find that our program thoroughly prepares them to sit for the NBCE Acupuncture Examination. In designing this program we have included significant hands-on practice, as well as didactic instruction to accelerate learning and improve clinical results.

Continuing Education Credits –

Do AcuPractice Seminars Qualify for Chiropractic Continuing Education Credits?

Yes.

Chiropractic Continuing Education Credits are granted in a few ways. Most likely one of them will work for you. Our classes in Tennessee, are sponsored by the Tennessee Chiropractic Association, and Approved by the Tennessee Board of Chiropractic Examiners.

Our classes in Connecticut, are Sponsored by The Connecticut Chiropractic Association, and CCEs are awarded by the University of Bridgeport, College of Chiropractic, (UBCC) Department of Continuing Education.

We can also arrange for UBCC to grant CCEs for classes taken in Tennessee, if you need them.

Do AcuPractice Seminars Qualify for Acupuncture/Oriental Medicine Continuing Education Credits?

Yes.

All AcuPractice Seminars are approved for 15 PDAs by the National Commission for the Certification of Acupuncture and Oriental Medicine (NCCAOM).
